**WHO:**

**WHAT:** Pool Renovation.  
Application of a 100% acrylic surface to a solid concrete base.

**WHERE:** 7601 E Indian Bend Rd.  
Scottsdale, AZ 85250  
(480) 991-2400

**WHEN:** December 2002

**WHY:** Pool deck was showing approximately seven (7) years of wear (constant exposure to sunlight and Arizona temperature extremes). 100% acrylic returned original beauty with resistance to mildew and stains.

**NOT LIMITED TO JUST AROUND THE SWIMMING POOL.**

100% acrylic is ideal for resurfacing your driveway, walkways, entry and inside your home and garage. It makes a wonderful, slip resistant and durable surface... and it is great to look at, too!
